

Learning Center Project Thadam

An Initiative by

Naam Vidhaikalam

If you need the Change, Be the Change.

Objective

In response to the challenges posed by the COVID-19 pandemic, the Knowledge Centre (Project Thadam) aims to address the educational gaps faced by children aged 5 to 15 in government schools within our community. With the shift to online learning exacerbating issues related to the lack of access to technology and internet facilities, many children have discontinued their education, engaging in child labour activities for a meagre daily wage.

Our project employs the survey method to identify the actual victims of this crisis, categorising them based on age and educational background. The Knowledge Centre will serve as a hub for education, staffed by local volunteers and educated individuals seeking employment. This centre will provide not only academic support but also impart moral education, instilling values and good habits.

Previous Thadam Centre Impact

📍 **Old Washermanpet, Chennai**

In the preceding year, our Knowledge Centre made a significant impact by providing education to over 40 students from underprivileged backgrounds. These children, residing in slum communities, face numerous barriers to education, thereby being deprived of their fundamental rights. Your support is instrumental in altering this unacceptable reality, allowing us to provide a ray of hope to these children and their families.

Old Washermanpet, Chennai

Old Washermanpet, Chennai

"LET ME BE YOUR BEST FRIEND BOX"

Here we launch this **Best Friend** box in our **Thadam Centre at Old Washermanpet, Chennai**

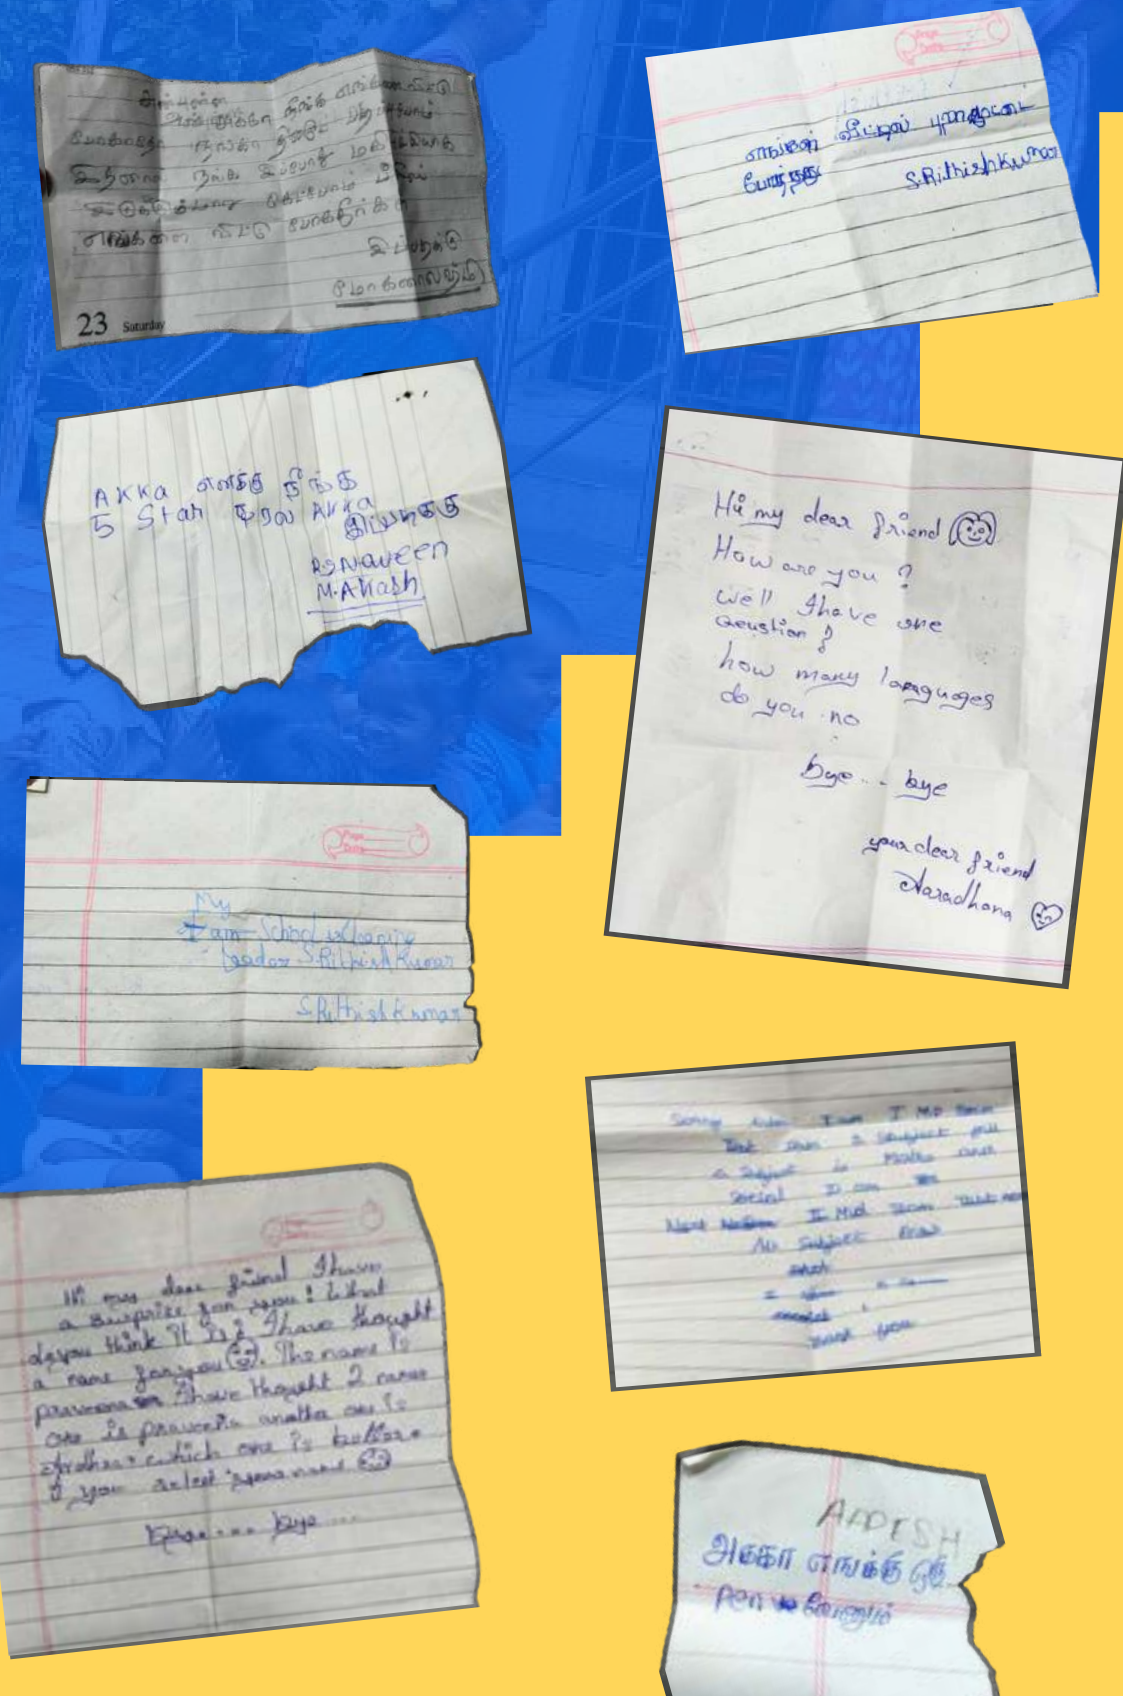

We introduce this box to 52 children from the age group of 5yrs - 14yrs.

We started receiving so many cute messages, and children could express their thoughts, emotions, and feelings. This helps children to vent out some traumatic experiences and seek help.

We regularly reply to children's letters, and we also give disclosure if needed.

This helps to create a safe space for them, and they know if they need support, it could reach us directly or indirectly.

You are not alone.

4th
Anniversary

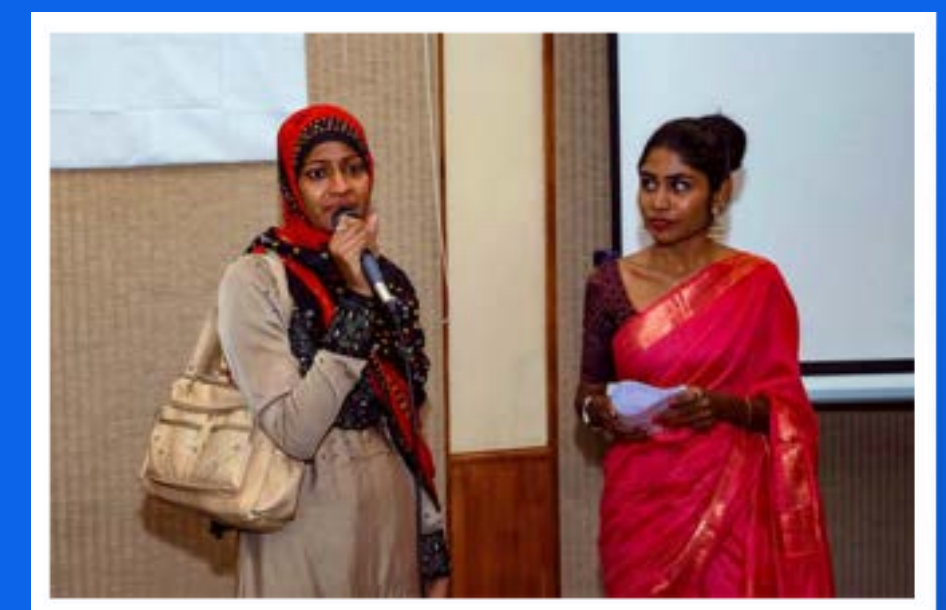

March
19

Pink Lotus

17, Bharathy Nagar 2nd Street, N
Usman Rd, T. Nagar, Chennai - 17

As we commemorate the 4th anniversary of **Naam Vidhaikalam** NGO, our sincerest gratitude goes out to our devoted changemakers, sponsors, and supporters.

In her words, "Our community learning centre has been a lifeline. It's not just education; it's about building a brighter future. I can see the positive transformation in my daughters, and I am profoundly thankful for our centre."

Our student's mother

"We believe that every child has the right to an inclusive & quality education"

Introducing our Thadam Calendar. A powerful tool for change!

Every purchase makes a direct contribution to Thadam students' education, ensuring they receive a quality learning experience. Join us in making a difference and uplifting the next generation. Let's transform lives through education!

What are we looking for?

Adopt-A-learning-Centre

Objective

The Adopt-A-Learning-Centre initiative invites philanthropic individuals or organisations to support our mission by adopting a knowledge centre. This commitment will directly contribute to the education and overall well-being of the underprivileged children in our community.

Implementation Strategy

Survey and Identification

Conduct surveys to identify children affected by the discontinuation of education and engage with the community to understand their unique needs.

Learning Center Establishment

Propose a professional project plan to relevant authorities to secure a space for the Knowledge Center. The centre will function as a safe and conducive environment for learning.

Educational Approach

Tailor teaching methods based on the preferences of the children, ensuring a blend of fun and informative learning experiences. A special emphasis will be placed on moral education.

Why Adopt-A-Learning-Center

Direct Impact:

Your monthly contribution directly supports the operational needs of the Learning Centre.

Sustainable Change:

By investing in education, you empower these children to overcome socio-economic challenges.

Community Development:

Fostering an environment of learning contributes to the overall development of the community.

02
**Sustainable
Change**

Impact of Adoption

By adopting a learning centre, you are not just supporting the education of individual children; you are catalysing positive change for entire families. Education is the key to breaking the cycle of poverty, and your contribution ensures that these children are equipped with the tools for a brighter future.

EXPECTED OUTCOMES

1

Education and Societal Behavior

The project envisions well-educated children who contribute positively to society, demonstrating exemplary behaviour.

3

Skill Development

Through personalised and professional skills training, students will acquire new skills beneficial for personal and professional growth.

2

Self-Confidence & Talent Development

Students are expected to build self-confidence by showcasing their talents boldly in society.

4

Health and Happiness

The ultimate goal is for students to lead a healthy and happy lifestyle, fostering a positive impact on society's perception and treatment of them.

ACCOUNTABILITY STRUCTURE

-  **Project Heads:**
Accountable to **Supporter**
-  **Youth Leaders:**
Accountable to **Supporter**
-  **Trainers:**
Accountable to **Project Heads**

Breakdown of Expenses

Stipend for Teacher (Youth Leader)

Ensuring quality education through dedicated youth leaders.

Provision of Snacks:

Enhancing the learning environment with nutritional support.

Operational Expenses:

Covering essential utilities such as water and electricity.

Stationery Supplies:

Providing necessary tools for educational engagement.

Monthly Expenses Expected : ₹7,400 Approx. Per center

IMPORTANT

Join hands in fostering education by committing a monthly contribution of a **minimum of ₹500** to our **Adopt-A-Learning-Centre** Initiative. Alternatively, contribute by providing **essential tuition requirements**. Your generosity will be recognised through regular updates detailing the progress and impact of the learning centre you choose to support. Together, let's empower minds and shape a brighter future.
